TV's annual factbook for advertisers and agencies

# THE GAMUT

A basic fact of television is its continuing need for product—as programming for networks and stations and as commercials for advertisers using this most effective of all media. MGM Television covers the gamut—the full range of programming—from network series, to features, to syndication. The finest West Coast film facilities are offered by the Commercial and Industrial Division; and now the leading videotape operations of MGM Telestudios. In all of television you get the picture of quality from...

"Our live
TV show on
WSUN-TV is in
its 3rd year...
the reason...
RESULTS!"

This is how Charlie Cheezem, Realtor, Builder and Developer of Florida's leading West Coast Retirement Home Development feels about WSUN-TV, Tampa-St. Petersturg, Florida.

"Our 8 salesmen at Ridgewood Mountain Village make it a point to learn where our customers come from. Our weekly half-hour Community Sing program on WSUN-TV is over 2 years old, and has consistently been one of our best advertising investments."

Ratings vary from survey to survey. The true yardstick is SALES! Dollar for dollar by any survey, your best Tampa-St. Petersburg buy is

### TV BASICS INDEX

1.
THE TV AUDIENCE

#### THE TV AUDIENCE

| Section One starts onPage  |       |
|--|-------|
| It contains:   |       |
| 1960 Census, metropolitan areas  | 11-12 |
| Hours of viewing: by household size, age and income; by age and sex              | 14-15 |
| Seasonal and regional variations   | 18-19 |
| Nielsen national audience breakdowns   | 20    |
| The national TV audience by quarter-hour, male and female, by age-group (ARB) $$ | 21-24 |

2. TV PROGRAMS

#### TV PROGRAMS

| Section Two starts on ag  | 5e 20 |
|---|-------|
| It contains:  |       |
| Programing and agency control                                       | 27    |
| Ratings: by program type and averaged over years                    | 28-29 |
| Numbers and composition of audience by program-type                 | 32-34 |
| Programs assessed by community leaders                              | 35    |
| Replacements and re-runs  | 38    |
| Mortality of new shows: network balance, public-service programming | 39-42 |

3.
TV ADVERTISERS
AND AGENCIES

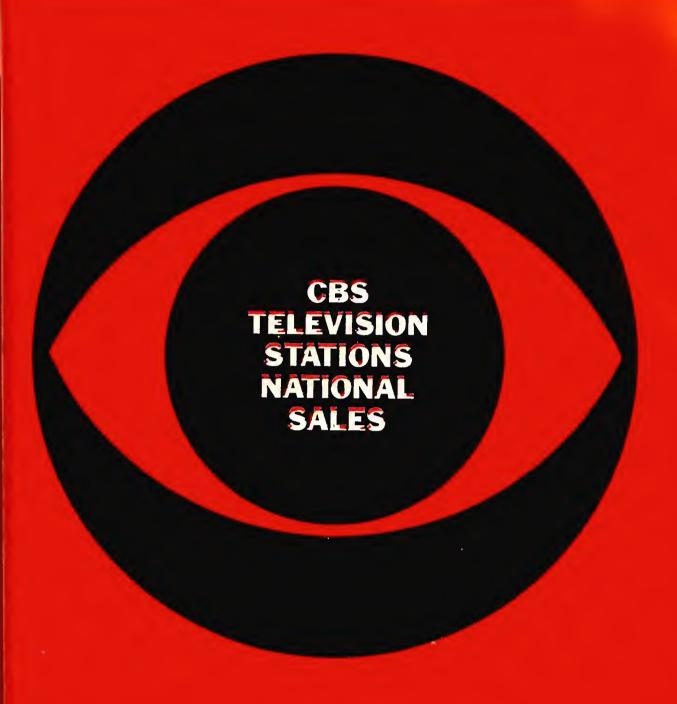

#### TV ADVERTISERS AND AGENCIES

| Section Three starts on Pag  | ge 4 |
|--|------|
| It contains:   |      |
| Advertising volume in previous years; spot, net and local spending in multiple markets (FCC 1959); network advertisers | 46-5 |
| Ad spending by product groups  | 5    |
| Top 100 ad spenders, by company  | 52-5 |
| Sponsorship trends; top 50 agencies  | 52-5 |
| Commercials, ratings and award-winners   | 57-6 |

4. TV COSTS

#### TV COSTS

| Section Four starts on                              | ge 61 |
|---|-------|
| It contains:  |       |
| Spot cost calculator for 170 markets                | 64-6  |
| Program costs and cost-per-thousand by program type | 71-7  |
| Cost of live sports coverage                        | 71    |
| Falent cost for network shows, by program type      | 77    |
| Time and talent costs estimated for three networks  | 70    |

**AT YOUR SERVICE!** Service is the watchword of CBS Television Stations National Sales (formerly CBS Television Spot Sales), now the national sales organization for the five CBS Owned television stations exclusively.

These five major-market stations are being sold now by the same full-strength staff of sales specialists in six regional offices... backstopped by the same array of experienced research, promotion and sales service people. What results is a finely-tuned sales force with the knowledge and the time to be an "extra arm" to advertisers and agencies seeking top efficiency from their television dollars.

An unbeatable combination—the sales impact you get from the CBS Owned stations (WCBS-TV New York, WBBM-TV Chicago, KNXT Los Angeles, WCAU-TV Philadelphia and KMOX-TV St. Louis) plus the service-in-depth you get from CBS Television Stations National Sales (with sales offices in New York, Chicago, Los Angeles, Detroit, San Francisco and Atlanta).

#### TV COLOR

| Section Five starts onPa                                | ge 79         |
|---|---------------|
| It contains:  |               |
| Color commercial impact and audience characteristics    | 80            |
| Technical data on stations originating local color; set |               |
| counts in their markets                                 | <b>82-8</b> 3 |
| Color status of affiliates to three national networks   | 84-87         |

#### TV TAPE

#### AND

#### FILM

| Section Six starts on Pa                               | ge 89 |
|--|-------|
| It contains:   |       |
| Syndicated programs and major advertisers              | 91    |
| Syndicated programs and their distributors             | 92-93 |
| Syndicated features, new shows and children's programs | 94    |
| Videotape broadcasters and production studios          | 96-98 |
| RCA-equipped tape studios and broadcasters             | 99    |

# 7. TV SERVICES

#### TV SERVICES

| Section Seven starts onPa   | age 103 |
|---|---------|
| t contains:   |         |
| Representatives and client stations   | 104-114 |
| Major broadcasting groups and their representatives, call-letters and markets | 116-117 |
| Measurement systems compared against basic informa-                           |         |
| ion requirements  | 119-120 |
| Research terminology explained and illustrated                                | 121     |
| Major equipment manufacturers and their products                              | 124-125 |

## 8. TV SOURCES

\*MISSALAND . . . a most efficient media buy. Missaland comprises thirty-six counties in Mississippi and Alabama covered only by one television station—WTOK-TV. Facts prove that WTOK-TV offers advertisers one of the nation's most efficient media buys. Add to this a big new bonus market—the McCain Naval Air Station just commissioned at Meridian.

Before completing your next market list, take a close look at WTOK-TV. Here are five good reasons why:

- 159,400 Television Homes
- \$530,093,000 Retail Sales
- \$796,636,000 Effective Buying Income
- 2,500 New military and civilian personnel
- \$12,000,000 New Annual Payroll

# THE TV AUDIENCE

Its distribution and characteristics

# In five weekday mornings TV reaches more than 30 million unduplicated homes; a gain of eight million over 1956

The 6 a.m.-12 noon Monday to Friday cumulative andience was estimated by TvB at 22,078,000 homes in 1956. A comparable calculation for 1960 yields 30,058,000 unduplicated homes. The weekend cume (full days) was 33,907,000 in 1956 and 42,211,000 homes in 1960. TvB also estimates that 84 to 88 percent of all American homes are available to advertisers within a four-week period.

Reflection of socio-economic factors in tv viewing is illustrated in this March 1961 study made by the American Research Bureau. While some factors, such as age of family-head, appear to have relatively little influence upon viewing there are others in which the effect is marked. The variation by family size is more than 100%, and by income, more than 400%.

American Research Bureau breakdown of vicwing by age and sex reveals significant differences. Though overall pattern of heavy weekend viewing remains broadly true for all categories there are sharp divisions within the categories; women's weekend viewing. for example, varies by more than 40 percent between the age-groups.

# 51 percent of programs each reached more than 10 million homes in January 1961; eight percent more than 1960

Nielsen estimates that of 124 nighttime programs in January 1961, 51 percent reached more than 10 million homes. Forty-five percent reached 5-10 million; three percent reach 3-5 million and one percent reached under three million homes. The comparable 1960 percentages were 43, 46, 9 and 2. The number of nighttime programs was 124 in January 1961, 130 in 1960, 126 in 1959.

#### Composition of the national tv audience in peak times

Sample homes are selected by means of probability sampling throughout the U. S. Individual sample locations are chosen in such a way as to represent every rural and urban telephone home in the area having a tv set regardless of location, type of set or other factors. Careful controls are maintained to ensure proper distribution of

the tabulated samples by census regions and districts. The national sample for each of these network reports is composed of useable records attained from approximately 1600 different tv families. The columns TOTAL U. S. are calculated by properly weighting each time zone for coincident time throughout the nation.

Second December 1960 NTI.

# Network public-affairs programing in peak months rose 145 percent in three years, from 31 hours to 76 hours

Nielsen reports that the September-February period, 1957-58, included 21 regularly scheduled hours and 10 specially scheduled hours of public-affairs programing. The same period in 1960-61 included 47.5 regular and 28.5 special hours, an increase of 126 percent and 185 percent respectively. Moreover, in the latter season, all quoted programing was within prime evening time.

HENTURY AGO THE MOST IMPORTANT EVENT IN THE MID-SOUTH WAS ...

# THE BATTLE OF MEMPHIS

dawn, June 6, 1862, Union gunboats and rams swept down the Mississippi River and engulfed a affederate fleet before Memphis.

Thy, the important events in the Mid-South are covered by WMCT. Whether it's news, sports, recial documentary features, if it's of interest to Mid-South families WMCT film or live remote weras are there! In fact, locally-produced programs that serve the community's needs and interests been a major effort of WMCT for over twelve years.

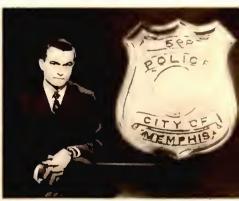

If it's of interest to the Mid-South, it's of interest to WMCT

white Open Golf Tournament is one of several state events covered exclusively by WMCT recal ras. The station also features the area's regar TV sports-news program.

Major Mid-South news events are recorded by WMCT film cameramen and remote facilities. News is compiled and edited by the area's largest and best equipped TV news staff.

Man Behind the Badge, a WMCT-produced documer tary of the Memphis Police Department, is typical of the informational services programmed in prime time

# What's first with Hoosiers ...is first with WFBM

No fooling these mid-westerners when it comes to favorite major events . . . or their favorite stations to carry local radio and TV coverage.

No other Indiana station has manpower, mobility or equipment to match WFBM and its 20-man News-Information Center. Nor can any other equal the broadcasting experience of its active leadership.

WFBM stations pioneered both radio and television in Indiana... and continue to earn audience loyalty by their outstanding news and special events coverage. Isn't this the responsive climate you want for your commercials? We'll help you in every way we can ... call your KATZ man.

Represented Nationally by The KATZ Agency

# "... a total commitment designed to enslave a total world"

CHARLES HI CRUTCHFIELD EXECUTIVE VIGE PRESIDENT AND GENERAL MANAGER ONE JULIAN PRICE GLACE
CHARLOTTE B. NORTH CAROLINA

March 10, 1961

Mr. Norman R. Glenn Editor & Publisher SPONSOR 40 East 49th Street New York 17, New York

Dear Norman:

Enclosed is an exact copy of a letter which a young Communist sent to a friend of his back in the United States.

The letter appeared in "Presbyterian Survey". - - a very fine publication of the Presbyterian Church. In reproducing it, the editor made one of the most profound and thought-provoking observations I've ever read. He said, "We think this letter shows more graphically than any editorial what total commitment means." He went on to say, "Are we as committed to the truth as this young Communist and millions like him are committed to an empty hope?"

To a great majority of people in the Free World, particularly people in America, this kind of dedication is unheard of. They simply cannot believe that the architects of Communism, Karl Marx, Lenin, et al, could possibly have such influence on any human being. I feel that to defend and protect freedom as we know it today, it is imperative that all people in the Free World understand the inner feelings of those who are determined to destroy it. I am hopeful, therefore, that you - - through your widely read publications - - will give the enclosed letter as much publicity as you see fit.

We simply must convince Americans and as many of our friends in the Free World as possible that Communism is by no means just another political party. It is a form of religion..... a complete dedication.....a total commitment designed to enslave a total world.

Sincerely yours.

Charles Carlefteld

A young communist writes . . . "What seems of first importance to you is to me either not desirable or impossible of realization. But there is one thing about which I am in dead earnest—and that is the socialist cause. It is my life, my business, my religion, my hobby, my sweetheart, wife, and mistress, my bread and meat. I work at it in the day-time and dream of it at night. Its hold on me grows, not lessens, as time goes on. I'll be in it the rest of my life. It is my alter-ego. When you think of me, it is necessary to think of socialism as well, because I'm inseparably bound to it.

"Therefore, I can't carry on a friendship, a love affair, or even a conversation without relating it to this force which both drives and guides my life. I evaluate people, books, ideas, and notions according to how they affect the socialist cause and by their attitude toward it.

"I have already been in jail because of my ideas, and if necessary I am ready to go before a firing squad. A certain percentage of us get killed or imprisoned. Even for those who escape these harsher ends, life is no bed of roses. A genuine radical lives in virtual poverty. He turns back to the party every penny he makes above what is absolutely necessary to keep him alive. We constantly look for places where the class struggle is the sharpest, exploiting these situations to the limit of their possibilities. We lead strikes. We organize demonstrations. We speak on street corners. We fight cops. We go through trying experiences many times each year which the ordinary man has to face only once or twice in a lifetime.

"And when we're not doing these more exciting things, all our spare time is taken up with dull routine chores, endless leg work, errands, etc., which are inescapably connected with running a live organization.

"Radicals don't have the time or the money for many movies or concerts or T-bone steaks or decent homes and new cars. We've been described as fanatics. We are. Our lives are dominated by one great, over-shadowing factor—the struggle for socialism. Well, that's what my life is going to be. That's the black side of it. Then there is the other side of it. We Communists have a philosophy of life which no amount of money could buy. We have a cause to fight for, a definite purpose in life. We subordinate our petty personal selves into a great movement of humanity. We have a morale, an esprit de corps such as no capitalist army ever had; we have a code of conduct, a way of life, a devotion to our cause that no religious order can touch. And we are guided not by blind, fanatical faith but by logic and reason, by a never-ending education of study and practice.

"And if our personal lives seem hard or our egos appear to suffer through subordination to the party, then we are adequately compensated by the thought that each of us is in his small way helping to contribute something new and true, something better to mankind."

TV ADVERTISERS AND AGENCIES

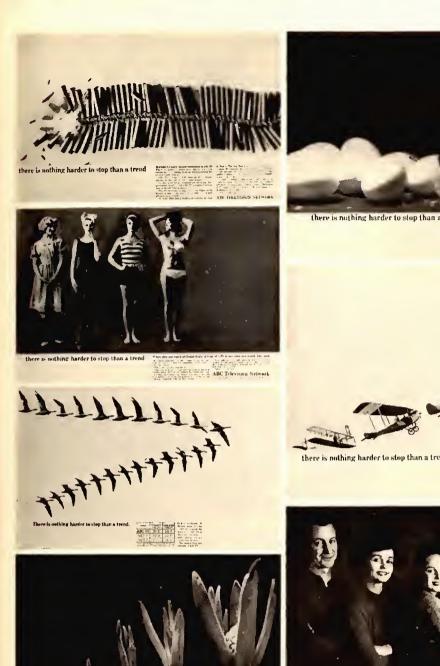

Ad spending

TV commercials

# TV ad investment rose 2659 percent between 1949 and 1960, while total ad spending rose only 123 percent

The TvB calculates that total U.S. advertising investment in 1949 was \$5.2 billion and that this climbed to \$11.6 billion in 1960. Comparable television advertising investments were \$58 million and \$1.6 billion. Investments in national advertising \$1.4 billion in 1949 and \$3.5 billion in 1960, an increase of 150 percent. National tv figures were \$.04 billion in 1949 and \$1.3 billion in 1960.

# Well, what kind of a trend has it been?

It's been, first, a trend to first place.\* To the largest share of the viewing audience where it counts most.

From October to June, in the markets where they can

watch all 3 networks, they watched ABC-TV most.\*

It's been a trend to new successes in new programming. My Three Sons and The Flintstones, for example, have continually hit the top ten. And such established trends as The Untouchables, 77 Sunset Strip, The Real McCoys, have kept trending right along.

It's been a trend to a new trend in public service series. Witness the acclaim for Sir Winston Churchill: The Valiant Years, Close-Up!, Expedition. And a new trend in news reporting: ABC-TV News Final.

It's been a trend to sports leadership . . . with Fight of the Week, NCAA and American League Football, College Basketball, All Star Golf, ABC-TV Wide World of Sports.

It's been a trend to the most tangible kind of sponsor enthusiasm—a 20% jump in billings for the first quarter of '61, a figure far in excess of the industry pattern.

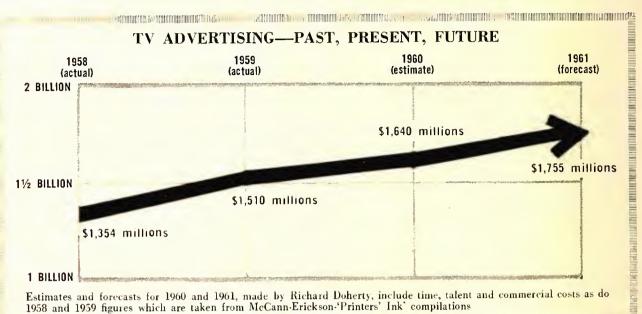

It's been a trend to new affiliate successes.† In Portland, Ore., Seattle-Tacoma, Salt Lake City, Boston, Milwaukee, after affiliate switches to ABC-TV, average evening audience shares soared as much as 52%.

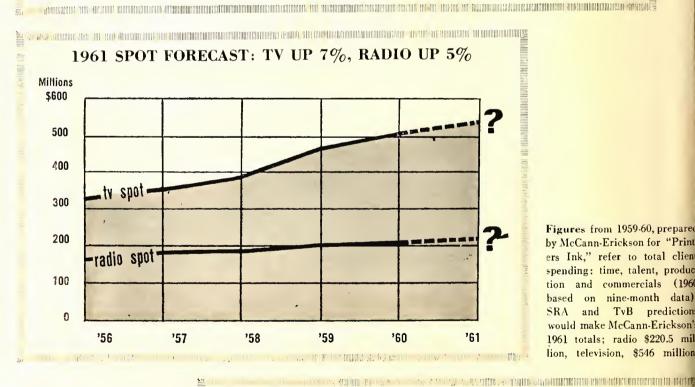

It's been, in summary, that happiest of trends—an uptrend. A direction in which, it should be noted, we have every programming intention (Top Cat, The New Breed, Target: The Corruptors, Calvin and the Colonel) of continuing.

ABC Television

# Advertisers' investment in the tv industry is increasing

Figures from 1959-60, prepared by McCann-Erickson for "Printers Ink," refer to total client spending: time, talent, production and commercials (1960 based on nine-month data) SRA and TvB predictions would make McCann-Erickson's 1961 totals; radio \$220.5 million, television, \$546 million.

#### TV SPENDING OVER FIVE YEARS

| YEAR | NATIONAL-REGIONAL SPOT | NETWORK       |
|------|------------------------|---------------|
| 1955 | \$222,400,000          | \$308,900,000 |
| 1956 | 281,200,000            | 367,700,000   |
| 1957 | 296,400,000            | 394,200,000   |
| 1958 | 345,200,000            | 424,500,000   |
| 1959 | 424,200,000            | 445,800,000   |

1960 was a record year in terms of the number of advertisers in network tv. The total of 376 who utilized the medium tops the previous high of 341 network advertisers, established in 1956, according to the TvB. The new business in 1960 came primarily from medium-sized advertisers; of the total, 96 spent less than \$100,000, while 15 had gross time expenditures that ranged between \$100,000 and \$200,000.

S100,000, While 13 had gloss time expenditures that ranged between \$100,000 and \$200,000.

Source: National Audience Board.

This survey was conducted by the National Audience Board, and released in July 1961. The board is a non-profit organization representing civic. business, cultural, educational and church groups; it works in conjunction with such civic bodies as the General Federation of Women's Clubs, the American Legion and the National Council of Churches. The ratings shown here were obtained from 2400 responses, from a distribution of 20,000 questionnaires made at community opinion-leader meetings and conventions. Of the sample, 82.8% were women. The comparison between 1961 and 1959 was obtained through the question "If you had been asked to rate the TV programs or commercials in these categories two years ago, how do you think you would have rated them then?" (Survey will be repeated in 1962 and succeeding years.)

15TH ANNUAL N

Thirty-eight advertising agencies were recipients of awards and certificates in the second annual American Tv Commercials Festival, held in New York in May 1961. Ten agencies won three or more awards (including "best" awards in product categories, special citations and runners-up.) Agencies from 11 cities, includ-

ing Toronto and Montreal, were among the prizewinners. New York gained 73 awards. Toronto six. Detroit and Chicago five each. Minneapolis four. Los Angeles two, and Montreal. San Francisco. Springfield, Mass., St. Louis. Amarillo. New Orleans. Salt Lake City. and Cincinnati each secured one commercial award.

# TV COSTS

Costs and efficiency by program type

Daytime TV's 1960 cpm was about \$1.36, or 735 home impressions per dollar. This was 25 percent below 1959 cpm

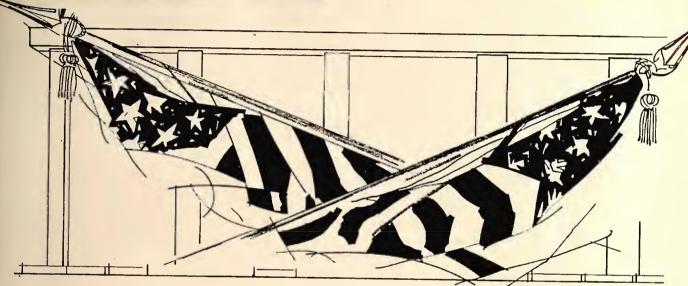

Weekday network to cost around \$1.82 per thousand in 1959 according to TvB. This figure then yielded 549 home impressions per dollar. The reduction in cpm during 1959-60 was a reflection of increased reach; Nielsen comparisons for the month of February in the two years show that the average network quarter-hour reached 3,489,000 homes in 1960, and 3,076,000 in 1959.

# UNDER LAW

"Honest men may hold different opinions on the merits of desegregating our public schools... The issue is not segregation; it is whether we should continue to have government under law."

> From a broadcast editorial by Douglas Manship, President & General Manager (complete text available on request)

# BOLD VIEWPOINTS BRING VIEWERS

# THE MARKET HAS MONEY 4th Largest in the Gulf South Richest in Louisiana

Count the big ones in Gulf South states of Louisiana, Mississippi, and Texas, and you'll count Dallas-Fort Worth, Houston, New Orleans, then the big, big market served by WBRZ. Baton Rouge's industrial worker is among the highest paid in the nation. And throughout "WBRZ territory" industry and good jobs prevail, Retail sales in the coverage area, over a billion and a quarter.

Straddling a fence may not win enemies ... but it does not win friends. WBRZ realizes its role as a public service medium ... and fulfills that role by presenting bold, sometimes blistering, editorials when issues wax hot. It just as boldly makes equal free time available to the "other side" for rebuttal. Such practices build respect—and audience.

This summary, prepared by the Katz Agency. is designed for quick estimating of spot TV costs. It is not intended to take the place of individual station rate cards. Rates are given by markets based on a single station in each market for every category shown.

Rates are based on those published in the March 15. 1961, issue of SRDS, and the first 221 markets are ranked according to the number of TV homes as estimated in February issue Television Magazine. (Not intended as a market guide).

Broadcasters, TV Tape Services,

Producers of Tape Commercials and Programs

gain a big, new dimension in color

... using Color TV Systems designed by RCA

# For living color...smoothest operation...get RCA's matched line of color TV equipment

It's good business to use equipment that is matched, both electrically and mechanically, to work together as a system. Color Studio Cameras, Tape Recorders, Film Cameras, Monitors, Switching, and Special Effects—plus Color Mobile Units—are work-together teammates for finest color performance.

RCA Color equipment is designed for incorporation into a completely matched package. You get everything you need from one reliable source of supply. RCA Color Systems are smooth in operation, use common tube types and standard parts. They follow regular broadcast practices for installation, operation, and maintenance.

From RCA you obtain equipment that is without equal in the television industry. And you have at your command the engineering and planning counsel of RCA experts in your area... When you think of color, think of the Matched Color Package made by RCA. And you can't beat the kind of service that only RCA can offer.

#### RCA COLOR STUDIO CAMERA

Improved color camera with new precision yoke and prism optics superb resolving power and clear, precise registration of "living" colors.

#### RCA COLOR TV TAPE RECORDER

Provides the freshness and sparkle of living color, with built in improvements for superior color quality

#### RCA 3-VIDICON FILM SYSTEM

Designed for top quality in film and slides ... per formance sets the standard for the industry

#### RCA SWITCHING AND SPECIAL EFFECTS

RCA color-engineered switching and special effects equipment imparts peak flexibility to programs.

#### RCA COLOR MONITOR

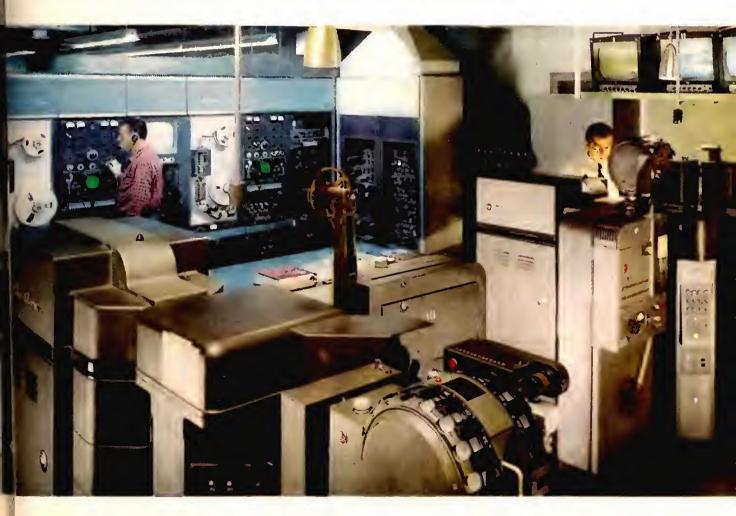

Professional quality color monitor produces sparkling color pictures . . . serves as reference standard for evaluating picture quality.

ALSO, AUDIO, MICROWAVE, TRANSMITTERS AND ANTENNAS OF PROVEN RCA QUALITY

COMPLETE COLOR EQUIPMENT PACKAGE—
MADE BY RCA FOR FINEST COLOR PERFORMANCE

ALL COLOR STATION—WHDH-TV, Boston, has RCA equipment throughout its modern plant, from color cameras and master control to color tape recorders and 3-vidicon color film chains.

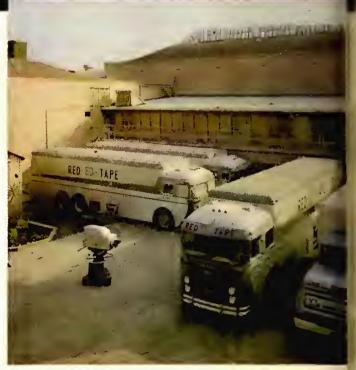

# RCA Color TV goes on location

...getting the unusual in pictures in living color.

RCA Mobile Equipment is customdesigned for the job. Complete color studios on wheels, these units bring studio convenience to "on-location" programs and commercials.

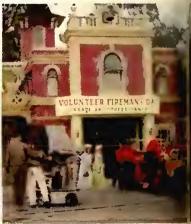

Red Skelton Studios Color Mobile Unit

See your RCA Representative for the complete color package. Or write to RCA Broadcast and Television Equipment, Building 15-1, Camden, N. J.

On Location With Glenn Armistead

Includes panel, interview and game shows Includes cartoon series

U.S. average tv viewing in February 1961 was 6:08 hours daily. This is 16 minutes more than the previous February record

Nielsen estimated February viewing in 1961 at 6:08 hours compared with 5:52 the previous year. Their January-February average for 1961 was 6:04 per home per day and the range was from 5:47 in the south to 6:56 in the east central region. Fluctuation by county size ranged from 5:29 to 6:17 between D & A counties.

WLBT's vast "Tall Tower" coverage keeps Southern folks informed and entertained.

From high atop its 1579-foot effective height Tall Tower, WLBT beams quality programming to one of America's most dynamic growth markets.

With a far-reaching coverage area doubling that of Station 'B', WLBT serves the amusement and information needs of more than a quarter-million Southern homes.

Folks in Mississippi, Louisiana and Arkansas know WLBT. As evidence, your attention is invited to any Nielsen or ARB area-wide survey. WLBT boasts unquestioned dominance in the top twenty shows...and, incidentally, is the lowest cost-per-thousand TV buy in the United States.

Represented Nationally by GEO. P. HOLLINGBERY

Media exposure figures calculated by Sindlinger & Company. market analysts, on the basis of national probability samples in personal interviewing. The company points out that in using these data it would be statistically correct to average the figure for the summer months, to derive a summer month average, and similarly to average the winter month figures.

# 41 percent of color-tv families earn over \$15000. Their average is \$13123, against a U.S. average of \$5417

Nearly half the families owning color-tv sets had incomes of more than \$15,000, according to a December 1959 survey by Market Facts. The national average of +\$15,000 families was then three percent. Only nine percent of color-set owners had family incomes of less than \$5,000, compared with the national average of 45 percent. Fifty-one percent of color families owned two or more cars, against a 13 percent average.

# "60 color commercials a month prove the quality of RCA TV Tape!"

# -says Roy Bacus, Station Manager, WBAP-TV, Fort World

"How did we ever get along without RCA TV Tape!" he adds. It makes possible special telecasts which can be done at the convenience of clients and talent. It facilitates special promotions, program intros and closes. And it helps us do a better overall production job.

"Besides all this, color really impresses our advertisers. Color sets are on the increase and our advertisers like the extra impact they get from color. This is especially true of food, toy and department stores. We've jumped from 17 to about 60 color commercials a month. This proves we get the finest performance from our two RCA Color Recorders!"

RCA TV Tape Recorders are ideal for station use. They are designed for color and part of a completely matched

line of equipment. Unique RCA features include mult ple monitoring checks for the very best picture . . . u equalled in sharpness and color realism. And precision headwheel interchangeability makes it possible to guniform quality time after time.

Incidentally, it's these color design features that mal the RCA Tape Recorder best for monochrome.

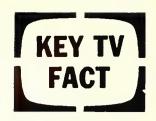

If you're looking for this performance plus in your commercials, you'll find the answer in RCA tape equipmen Call your nearest RCA Representative, with complet assurance, for the finest in equipment and service. Write to RCA, Broadcast and Television Equipment Dept. Z-264, Building 15-5, Camden, N. J.

# TV TAPE AND FILM

**Equipment, programs and distributors** 

Expenditure on national and regional spot TV increased by 7.9 percent in 1960, to a total of \$616,701,000

In the 1960 gross spot time billings the biggest spender was the food and grocery section, which accounted for \$165,188,000. Cosmetics and toiletries were next at \$56,623,000 followed by ale, beer and wines (\$48,778,000) and drug products (\$46,693,000). The leading advertiser was Procter & Gamble with \$44,084,440 gross, compared with \$45,046,000 in 1949. (Source: TvB-Rorabaugh).

# 22 of 26 major business groups spent an average of nine percent more on network tv in 1960 than in 1959

In an 11-month comparison of 1959 and 1960 the TvB noted that network spending rose from \$568 million to \$621 million. Categories which showed the greatest percentage increase were: Appliances, 27; automotive, 19; beer, 24; confections, 17; drugs, 12; entertainment, 134; gas and oil, 66; horticulture, 48; house furnishings, 48; industrial materials, 14; insurance 21; publishing, 405; toiletries, 9. Of the 26 major classifications only four business and industry groups spent less: building materials, office equipment, radio-tv and musical instruments, travel-hotels-resorts.

This survey was conducted in February 1961, Response was obtained from 105 TV broadcasters within the United States, and the rates quoted can therefore be assumed typical of the majority of vtr-equipped stations. Survey was undertaken by Ampex Video Products: make of recorder owned was not considered. Stations have been arranged in order according to their highest published rate for a "prime" hour. In this order they have been assigned numbers from 1. to 105. These numbers serve to identify each station throughout the tabulations. "Station Numbers" (STA. NO.) are in the left-hand column of the tables. The "prime" hour rate, on which the numerical order of the stations is based, is listed in the second column ("RATE"). The third column indicates the status of the market in which the subject station is located with regard to VTR installations ("MKT STATUS). The first of the two figures therein indicated the number of commercial TV stations in the market; the second number indicates the number of stations equipped with VTR. "3-2" would indicate three commercial TV stations in the market, two or which are tape-equipped. Column four indicates the number of VTR units ("NO. MACH") operated by the subject station. Column five indicates the charge, as determined by the rate card, for a commercial announcement of I minute or less recorded on tape. Where VTR rates are based on a minimum period of time rather than a unit of production, this time is indicated. On the basis the notation: "\$107,50/:30," indicates that a charge of \$107,50 is assessed for 30 minutes of studio and recording time, during which, presumably, the customer may record as many spots as possible. The sixth column indicates the amount of time allowed for rehearsal and recording in relation to the rate in column five. Where the rate is based on a period of time, rather than a unit of production, as explained in the preceding paragraph, this has been indicated by the term "straight" ("STR"). In some cases a specific division of time into rehearsal and record periods was indicated, usually on a 50-50 basis. Column seven indicates the charge for time used beyond the original period purchased. Once again the notation "STR," "straight" indicates that time is sold on "straight" basis according to how much time is used. Column eight indicates the rate for recording a 1 hour program. In some cases the highest rate shown for program recording was for 1/4-hour, and is so listed. The hour-rate was used wherever available,

# In each of 15 top TV markets, 36 day spots cost 27 percent less than a full-page ad in the leading newspaper

In a study of population changes the CBS Spot Sales Unit computed the top 15 markets, in fall 1960, on the basis of tv coverage rather than as standard metropolitan areas. The ranking was: New York, Los Angeles, Chicago, Philadelphia, Detroit, Boston, San Francisco, Pittsburgh, St. Louis, Washington, Cleveland, Baltimore, Minneapolis, Buffalo and Honston. On Nielsen figures of 23,977,500 homes in these 15 markets, the daytime comparison quoted above was arrived at; it was also estimated that six nighttime spots on one station in each market would deliver  $2\frac{1}{2}$  million more different homes than the combined daily circulation of the two leading newspapers in each market.

## CREALVIII

Bringing the exact effect and flavor of the client's and the agency's creation intact to the television screen . . . that is CreaTVity. It is hard to define but easy to recognize in any good commercial. It requires the total effort of a crack production team, working with the most modern equipment.

CreaTVity is the reason the finest agencies choose Audio Productions to serve their most valued clients, again and again.

KELO-LAND is a 73,496 square-mile market, charted by natural distribution flow of consumer goods. No piecemeal "package" of two

sumer goods. No piecemeal "package" of two or three unrelated stations can begin to cover it—not without leaving countless untold, unsold families. Only one television facility—KELO-tv SIOUX FALLS and its KELO-LAND booster hookups delivers the whole 103-county spread to you—completely, simultaneously, no gaps!

CBS - ABC

265,490 tv households in 5 states: (South Dakota, Minnesota, Iowa, Nebraska, North Dakota).

### Reach and frequency compared for maximum efficiency

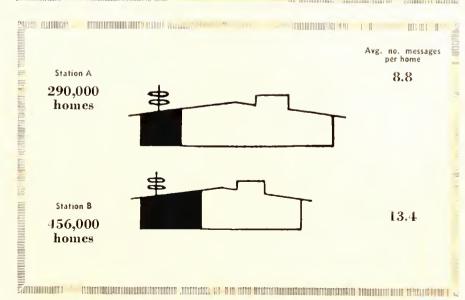

Total homes reached in four weeks

Total messages to "high-frequency" homes

Homes reached at high frequency

An advertiser who needs relatively high frequency must select his station. On two similar schedules, station 'A' has the greater reach, but 'B' has higher frequency. Next chart shows homes reached at a specified frequency level (six or more times per month). In the last chart (frequency × no. of high frequency homes) station 'B' emerges with more than twice the number of important homes delivered than 'A'.

### Manufacturers of tv broadcast and studio equipment

Note: This is not intended as an inclusive listing, but rather to indicate the diversity of services available in the equipment field, among major manufacturers of transmission and studio apparatus.

Adler Electronics Inc.
Industrial Products Division
1 Le Fevre Lane. New Rochelle, N. Y.
Ben Adler, pres.
Translators and microwave systems.

Alford Manufacturing Co. 299 Atlantic Avenue, Boston 10, Mass. Andrew Alford, pres. Broadcast antenna, coaxial and control equipment,

Ampex Corporation
934 Charter St., Redwood City, Calif.
Charles P. Ginsberg, v.p.
Videotape recorders, Marconi cameras.

Cellomatic Corp.
1546 Broadway, New York 36, N. Y.
M. Rogan, pres.
Animation equipment.

Century Lighting Inc. 521 West 43rd St., New York 36, N. Y. Edward F. Kook, pres. Complete studio lighting.

Conrac Division
Giannini Controls Corp.
19217 East Foothill Blvd., Glendora,
Calif.
W. J. Moreland, pres.
Monochrome video monitors.

Dynair Electronics Inc. 7564 Broadway, Lemon Grove, Calif. E. G. Gramman, pres. Closed-circuit and video distribution.

EMI-US Ltd. 1750 North Vine St., Hollywood, Calif. Complete broadcast and closed-circuit. Foto-Video Electronics
36 Commerce Rd., Cedar Grove, N. J.
A. J. Baracket, pres.
High definition film equipment.

General Electric Co. Communication Products Dept. Electronics Park, Syracuse, N. Y. Robert L. Casselberry, gen. mgr. Transmitter and studio apparatus.

General Precision Inc.
GPL Division
Pleasantville, N. Y.
Richard W. Lee, pres.
Vidicon and projection equipment.

Kliegl Bros.
321 West 50th St., New York 19, N. Y.
Herbert A. Kliegl, pres.
Complete lighting.

Metropolitan Equipment Co. Lumitron Division 2250 Steinway St., Long Island City, N. Y. Light control systems.

Mackenzie Electronics, Inc. 1025 North McCadden Place, Hollywood 38, Calif. Louis G. Mackenzie, pres. Automated programing.

Minneapolis-Honeywell Co. Wayne & Windrim Ave., Philadelphia 44, Penn. Transmitting stations; remote-control cameras.

Minnesota Mining Co. 900 Bush Ave., St. Paul 6, Minn. "Scotch" videotape.

Miratel Electronics Inc.
1st St., S.E. & Richardson, New Brighton, Minn.
N. C. Ritter, gen. mgr.
Video monitors, camera viewfinders.

Mitchell-Vintin Inc.
611 West Harvard St., Glendale 4,
Calif.

Mrs. Eva Fox, pres.
Camera equipment.

Radio Corp. of America
Front & Cooper Sts., Camden, N. J.
C. H. Colledge, div. v.p.
Complete broadcast and studio equipment.

Raytheon Co.
225 Crescent St., Waltham 54, Mass.
Raymond Kendall, gen. sales mgr.
Microwave systems.

Sarkes Tarzian Inc.
East Hillside Drive, Bloomington, Ind.
Sarkes Tarzian, pres.
Camera and vidicon systems.

Tektronix Inc.
Box 500, Beaverton, Ore.
Howard Vollum, pres.
Control and test equipment.

Telechrome Mfg. Co.
28 Ranick Drive, Amityville, L.I., N.Y.
H. Charles Riker, sales v.p.
Color transmission and testing.

Teleprompter Corp.
50 West 44th St., New York 36, N. Y.
lrving B. Kahn, pres.
Projection and special-effects.

Westrex Corp.
6601 Romain St., Hollywood 38, Calif.
Audio recording and reproduction.

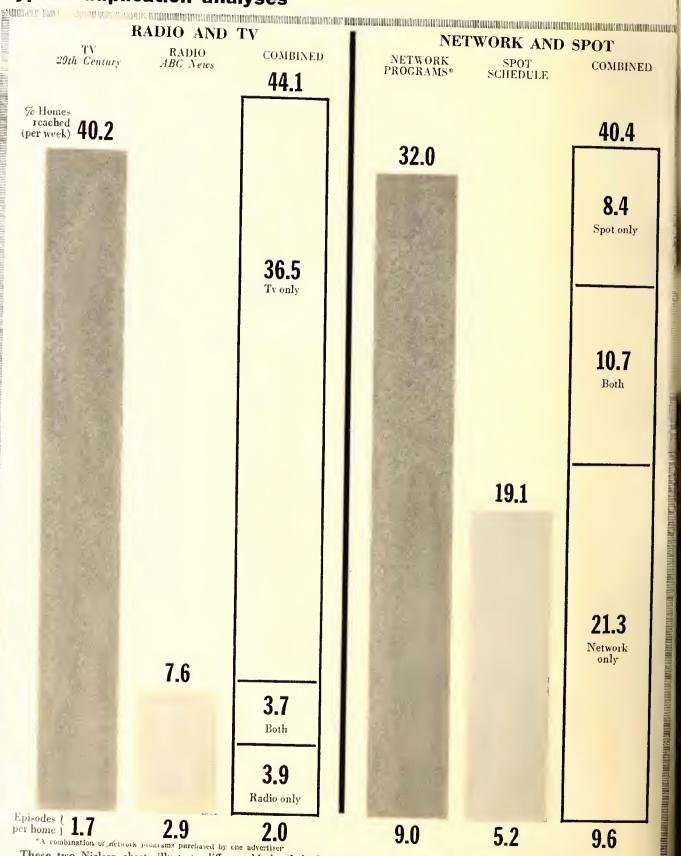

As well known to the Station Man as his own Call Letters...

the mark of finest in equipment has the new 4½ inchage orthicon camera—the TK-12.

The Most Trusted Name in Broadcasting

### Typical duplication analyses

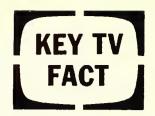

These two Nielsen charts illustrate different kinds of duplication analysis. These calculations are made by advertisers to determine the audience overlap using two or more medai. Combined total represents unduplicated homes.

TV BASICS section

### TV SOURCES

Checklist and summary of major TV studies

## 43.2 million families use their TV sets in a typical week. Their usage represents 95.6 percent of tv homes

During the week ending 6 March 1960, an NTI study revealed that 43.2 million families used their set, for an average of 44.56 hours in the week. About one-third of the viewing hours were devoted to weekday daytime schedules and more than half to evening programing. Twenty-one percent of the viewing occurred in the five weekdays, uoon to 6 p.m., and 54 percent in the 7 evenings between 6 p.m. and midnight.

### MAJOR SOURCES OF TV RESEARCH MATERIAL

This selected and annotated bibliography is drawn from material prepared by the U. S. Office of Education and American University, Washington, D. C.; the University of Syracuse, the National Association of Broadcasters and the Television Information Office. Included are volumes reporting findings on research and experimentation, on broadcast advertising and management, and the professional skills of the broadcasting profession.

(1911 1911)

### GENERAL

Abbot, Waldo, and Rider, Richard, Handbook of Broadcasting, New York, McGraw-Hill Book Co., 1957, 4th ed.

Thoroughly revised. Retains material helpful to the student of radio and of TV. TV sections have been expanded to fill nearly half this edition. Class projects. Bibliography.

Barnouw, Erik. Mass Communication. New York, Rinehart & Co., 1956. college cd.

An authoritative text on television, radio, film, and the press. Discusses the media and various aspects of their practice in the United States today. Bibliography.

Barrow. Lionel C., Jr., and Westley. Bruce H. Television Effects. Madison, Wis., 1958, Res. Bul. No. 9.

A summary of the literature and proposed general theory of the subject.

**Blum. Daniel C.** *Pictorial History of TV*. Philadelphia. Pa.. Chilton Co., 1958.

Primarily illustrations. Brief text incorporated in picture captions. Many of the big moments in TV are shown.

Bogart, Leo. The Age of Television. New York, Frederick Ungar Pub., 1958, 2d ed.

A study of viewing habits and the impact of TV on American life.

Brennan, Ed. Advertising Media. New York, McGraw-Hill Book Co., 1951.

A comprehensive text designed to

give the student an understanding of the functioning of major forms of advertising media, as well as effective methods and means of buying and selling space and time.

**Bridge, Harry P.** Practical Advertising. New York, Rinehart & Co., Inc., 1949.

A text designed to acquaint the student with an actual working knowledge of the various phases of the advertising business,

A supplement to the textbook *Practical Advertising*, designed to acquaint teachers and students with some of the problems and techniques of advertising by television.

Digges, I. W. The Modern Law of Adversing and Marketing. New York, Funk & Wagnalls, 1948.

A concise, comprehensive, and authoritative handbook of the legal asprospects of advertising. Includes 16 pages on radio broadcasting and TV.

**Dunn, Samuel Watson.** Advertising Copy and Communication. New York, McGraw-Hill Book Co.. 1956.

Gives general background necessary for creative advertising: analyzes aspects of an ad such as layout, language, and color use; discusses special problems of retailing, direct mail, and radio-TV copy preparation.

Elliott, William Y., ed. Television's Impact on American Culture.

East Lausing, Mich., 1956.

Shows how television fits into our culture and explores the possibilities of the medium in that setting. Presents an educational and cultural philosophy of television within the limits of the knowledgeable uses and limitations of the medium.

Evans, Jacob A. Selling and Promoting Radio and Television. New York, Printers' Ink Books, 1954.

A comprehensive guidebook providing practical information on many facets of selling and promotion.

Ewbank, Henry L. and Lawton, Sherman P. Broadcasting: Radio and Television. New York. Harper & Bros., 1952.

A basic text adapted for teaching about radio and television, from background and history through specifics for preparing and producing programs.

—— Broadcasting: Radio and Television. A Manual for the Student. New York. Harper & Bros., 1953.

Contains a series of production projects giving step-by-step procedures for planning various types of student broadcasts.

### FEDERAL COMMUNICATIONS COMMISSION

Lists of obtainable publications. Washington, U.S. Government Printing Office, Washington 25, D.C.

Hall, Roger S. Taking Hold of Television. New York. National Publicity Council. 1954.

A guide for the small agency or organization called upon to plan

campaigns for civic, health, or welfare groups.

Lindsley, Charles Frederick. Radio and Television Communication. New York, McGraw-Hill Book Co., 1952.

A textbook and study manual on the historical, social, cultural, business, and technical aspects of the subject. Extensively illustrated.

Four Years of New York Television (Study #7). H. H. Remmers (Purdue Opinion Panel).

A study of programs carried by New York City television stations, Jan. 25-31, 1954, and programs reported in 3 previous years.

Nafziger, Ralph O. and White, David M., eds. Introduction to Mass Communications Research. Baton Rouge, La., Louisiana State University Press, 1958.

Collection of discussions by leaders in the field on general aspects, research planning, methods, field methods, statistical analysis, measurements, and scientific method in communications research. Bibliographies.

Phillips, David C.; Grogan, John M.; and Ryan, Earl H. Introduction to Radio and Television, An. New York, The Ronald Press Co., 1954.

An introductory survey for a general understanding of radio and television. Contains background material on the development of the industry, its organization, operation, and special problems. Concentrates on current procedures and problems, organizations, and programing.

Seehafer, E. F., and Laemmar, J. W. Successful Radio and Television Advertising. New York, McGraw-Hill Book Co., 1951.

Comprehensive description of many phases of radio and television advertising with illustrative material taken from actual practice.

Settel, Irving; Glenn, Norman; and Associates. Television Advertising and Production Handbook. New York, Thomas Y. Crowell Co., 1953.

For the advertising or businessman, the copy writer, director, and others, this reference book attempts to provide answers to problems most frequently encountered by those engaged in buying, selling, and producing television programs and advertising.

Shayon, Robert L. Television and Our Children. New York, Longmans, Green & Co., 1951.

An informative and penetrating exploration of the effects of television on children, and constructive suggestions for insuring better programs.

Siepmann, Charles. Television in the United States. Paris, UNESCO, 1952.

One in the UNESCO series, Press, Film, and Radio in the World Today. Considers general educational aspects of television and gives examples of program experiments and evidence of the effects of such programs.

Smith, G. H. Motivation Research in Advertising and Marketing. New York, McGraw-Hill Book Co., Inc.

The result of studies by the Committee on Motivation Research sponsored by the Advertising Research Foundation whose purpose is to further scientific practices and promote greater effectiveness in advertising.

Thomson, Charles A. H. Television and Presidential Politics. Washington, D. C., The Brookings Institution, February 1956.

Covers the 1952 elections and presents a discussion of the problems in future TV political coverage.

True, Herbert. Television Dictionary/Handbook for Sponsors. New York, Sponsor Services, Inc., 1955.

Quick-reference book including more than 2,200 terms and uses of television and new developments in the medium; particularly helpful to ad concerns, production firms TV stations, and educators.

### PROGRAM TECHNIQUES

Adams, Charles. Producing and Directing for Television. New York, Henry Holt & Co., 1953.

A guide to many phases of television; the station, its facilities and personnel, its equipment, and the techniques of producing and directing programs.

Andersson, D. M. See DIMOND

—Radio and Television Workshop

Manual.

Battison, John H. Movies for TV. New York, The Macmilan Co. 1950.

A guide to the techniques and use of motion picture films on television equipment and its operation, program planning and production, colo films and color TV, editing, splicing and production of commercials.

Becker, Samuel L., and Harsh barger, H. Clay. Television: Techniques for Planning and Perform ance. New York, Henry Holt & Co. 1958.

A thorough treatment of TV-production fundamentals, specifically designed for class work in a studio with real mockup cameras. Exercises are presented with many helpful suggestions for staging TV shows.

Bender, James F., comp. NBC Handbook of Pronunciation. New York, Thomas Y. Crowell Co., 1951.

Bretz, Rudy. Techniques of Television Production. New York, McGraw-Hill Book Co., Inc., 1953.

A practical guide, including descriptions of equipment and materials for use in producing television programs and teacher.

CBS News Staff. Television News Reporting. New York, McGraw-Hill Book Co., 1958.

A compilation of information based on the knowledge and years of practical experience of many people in the field. A practical handbook for use in newsroom and classroom.

Curran, Charles W. The Handbook of TV and Film Technique. New York, Pellegrini & Cudahy, 1953.

A nontechnical production guide for executives. Gives basic facts about producing films, including production costs; methods and procedures, and a glossary of trade terms.

——Screen Writing and Production Techniques. New York, Hastings House, 1958.

A nontechnical handbook for TV, film, and tape. Part I deals with creating and developing the script; Part II deals with production planning and actual staging procedure; and Part III analyzes the factors in production cost.

Dimond, S. A., and Andersson,

D. M. Radio and Televicion Workshop Manual. New York, Prentice-Hall, Inc., 1952.

A practical guide to creative radio and television production, with emphasis on simplified types of programing for the small station.

Hodapp, William. The Television Manual. New York, Farrar, Straus & Young, Inc., 1953.

Straus & Young, Inc., 1953.

A guide to TV production and programing for education, public affairs, and entertainment. Explains many of the elements of program formats and sources. Has chapter on writing for television films and on operation of educational television.

Hubbell, Richard W. Television Programing and Production. New York, Rinehart and Co., Inc., 1956. Rev. 3d ed.

Appendix includes a complete shooting script of a TV drama, with director's cues written in. Traces the growth of TV in America and Europe. Compares TV with other media while presenting a detailed explanation of the nature of TV programing, camera lenses, and operating techniques, theory of video skills, incorporation of audio devices, and TV production theories.

——and Whiting, Fred, eds. Velevision News Handbook. Evanston, Ill., Northwestern University Press, 1953.

A guide for the professional newsnan as well as for the television ournalism student. Contains exerpts from talks by leading televiion newsmen as presented at the irst national television news seminar t Northwestern University.

McMahan, Harry W. The Televiion Commercial. New York, Hastngs House, 1957.

The fundamentals for effective tilization of TV as a sales medium, lus detailed chapters covering asects of production of TV commerials, with step-by-step explanations and advice on how to reduce costs.

TV Tape Commercials. New ork, Hastings House, 1960.

An illustrated handbook, which exains aspects of TV tape production d how this method can be used to

combine the best of live and film-TV techniques.

——Television Production. New York, Hastings House, 1957.

A handbook of TV production fundamentals, presented in a how-todo-it framework. Emphasizes artistic quality in various production situations. Illustrated.

Royal, John F. Television Production Problems. New York, McGraw-Hill Book Co., 1918.

Compiled from a series of 11 leetures by NBC television personnel in a course given by Columbia University and NBC.

Siller, Bob, Terkel, Hal., and White, Ted. Television and Radio News. New York, The Maemillan Co., 1960.

Written particularly for the broadcasting journalist, the book contains basic information on procedures for gathering, writing, and presenting news on radio and television.

Stasheff, Edward, and Bretz, Rudy. The Television Program. New York, A. A. Wyn. Inc., 1951.

A guide to writing, directing, and producing television programs. Contains photographs, diagrams, charts, and actual directors' scripts of outstanding programs.

Wade, Robert J. Designing for TV. New York, Pelligrini and Cudahy. 1952.

A book on art and design in television staging, written expressly for the graphic artist, eraftsman, or production designer.

———Staging TV Programs and Commercials. New York. Hastings House, 1954.

A handbook on how to plan and executive television sets, props, and production facilities. Includes suggestions for relating stagecraft experience to TV.

### N.A.B.

Single copies of the following publications are available upon request to the Public Relations Service, National Association of Broadcasters. Multiple copies will be supplied at cost.

Radio Code of Good Practices. The Code observed by subscribing radio stations to assure good programing and acceptable advertising.

The Television Code. The voluntary code of program and advertising guideposts subscribed to by television broadcasters and administered by the Television Code Review Board of NAB.

How Television Minds its Manners. A brief explanation of what The Television Code is and how it is administered.

Radio USA. A booklet reviewing the growth of the American system of radio broadcasting—its purpose and function.

Free Television—How it Serves America. A booklet reviewing the growth of television and setting forth the contributions made by a free system of television broadcasting.

So You're Going On Tv. A booklet for non-professionals explaining the do's and don't for television appearances.

If You Want Air Time. A handbook for publicity chairmen on how to get public service messages on radio and television. This booklet also contains sample public service announcements and news releases and tips on some other public relations aspects.

Advertising Stopped at 10 O' Clock This Morning. A booklet outlining the vital importance of advertising to the growth of the American economy.

Is Your Hat in the Ring? A booklet to help men and women in public life present their views by radio convincingly.

Campaigning on Tv. Television edition of "Is Your Hat In The Ring?"

### I'LL SAY THIS ...

"To us, consistency is most important... and we have consistently placed a part of our budget with one or more of the WLW Stations for the past several years. We have received full value in return, in terms of audience, service, and better-than-average cooperation in promotion and merchandising."

Advertising Manager

Paulwyon

Southwestern Ohio Blue Cross

> Cincinnati, Ohio

### YOU CAN QUOTE ME...

"We are always confident that when we recommend the Crosley Stations, our clients will benefit from the traditional Crosley service that goes considerably above and beyond the call of media duty—from programs to promotions, behindthe-scenes to on-the-air."

President

Im T. Golan Ja
